

## About B'Creative...

I have always enjoyed cooking, baking, and making crafts. But my passion is teaching others how to create things for themselves. The holidays are especially fun with their own colors schemes and traditional symbols that seem to spring forth during this time of the year. For me, the excitement begins when the smell of fall is in the air. I feel like a squirrel gathering

acorns for the long winter months. We are again offer-

ing a nice selection of holiday cookies for your eating pleasure. Hope you enjoy them and will tell others. Remember: order early and plan ahead.

If you do not see your favorite cookie on our list and we have the recipe—check with us to see if they could be made available to you. **No promises**, but we will try to accommodate your request.—if possible.

*Please Note: We also offer many instructional classes throughout the year. Class sizes are limited and pre-registration and pre-payment is required. Call for more information.*

## Holiday Cookies by B'Creative

B'Creative offers a selection of holiday cookie choices that will please the taste buds, and decorate your holiday table.

Allow our ovens to take away the time, stress, and mess of your holiday cookie baking needs. Order your holiday cookies through B'Creative and you will be guaranteed delicious, fresh cookies to share at all your holiday events. You may wish to select a variety of different cookie choices yourself or have us put together an assortment tray prepared for your special holiday entertaining function.

Don't forget to order enough for all your holiday events. Order early and avoid the last minute rush. Most selections freeze very well.

Add that extra something to your holiday entertaining pleasures by ordering your homemade Holiday Cookies today.

### Good ingredients makes a difference...

All our cookies are made with the best ingredients that we can obtain. We have found that not using the best ingredients' produces a less than quality product. We enjoy eating quality foods ourselves, and would not serve anything less to others.

We offer instructional classes throughout the year in cooking, baking, candy making, and other fun craft creation projects, not just in the food areas.
